**You Don't Have To Die Broke  
If you are in debt, you don't have  
to be. If you are not financially  
secure, you can be!**

Residual income that you can count on for the rest of your life, and pass on to your children & grandchildren is the real reason most people join a network marketing company. **True residual income** is money that will continue to come in month after month even if you decide to retire, or only want to work a few hours a week.

The “**Tape of the Month**” program is not one of those companies that try to tell you that you can get rich in a few months or a year. However, if you will give it just **5 to 10** hours a week, you **WILL** be in a position to retire in an average of 4 to 6 years!

“**Tape of the Month**” CAN, within **4 to 6** years, help you become **Debt Free & Financially Secure!**

Below is a hypothetical illustration of our compensation plan. It is not a guarantee of income. Your actual income will vary based on your personal sponsoring effort combined with the effort of other distributors in your business.
