

TURN CHAIN LETTER JUNK INTO A

GOLD

MINE!

Earn up to \$60.00 for every chain letter you receive – yet you never mail one yourself! Chain letters don't work and are illegal, but there IS a way to make money using them...

Millions of people have tried to GET RICH by mailing out "financial" chain letters. These are the letters that tell you how you can earn \$5,000 to \$200,000 in a few weeks or so.

The typical chain letter plan goes something like this: There is a list on

MAKE MONEY FROM HOME!

the letter. You are told to send a certain amount of money to each person on the list. Then you're supposed to rearrange the list and add your name to it. Next you copy the letter and mail out 100 to 1,000 copies or more. Money is generated by new people coming into the program. Your name stays on the list when they mail out their copies. This produces a "pyramid effect" and eventually there will be hundreds of thousands of people sending you money. Sound familiar?

These offers are very tempting, but they just don't work. 99 percent of the people who mail chain letters LOSE MONEY. And, what's more, you can get in trouble with the Post Office if they catch you mailing them out. The Post Office considers chain letters and most multi-level plans to be "unmailable" because they violate certain regulations.

How can you make money from chain letters? It's not in mailing out the chain letters themselves, it's in mailing other information to the people who are listed on them.
