

Invitation Certificate

The \$8 Program

A Mathematical Probability

Turn a one-time \$8 members fee into \$80...\$800...\$8,000

and that's just the beginning!

This is so simple that at first you might miss it if you don't read carefully. The probabilities are so enormous that you can even earn One Million Dollars!

Limited space will not allow an explanation of everything this program can do for your finances. However, we can tell you what you need to do to get started earning money right away! A more detailed explanation will be in your marketing kit, then you can discover for yourself how powerful this program is!

We only ask one thing from you. Regardless of what level of entry you choose to join, we require a one-time \$5 typesetting cost to prepare your camera-ready originals and to cover the postage for your free marketing kit that will be included. The kit has all the sources and simple instructions to maximize success.

All you have to do is become a member for as little as \$8. Once you become a member, share this invitation certificate with your personal ID # on it. Why? You receive half of the membership fees that we receive into our office via your invitation. It all starts at the level you join and with up-grades it can add up to thousands of dollars

For example: when someone becomes a member for \$10 through your flyer, you receive \$5 if you are at the \$10 level. If someone became a member at a higher level than you, lets say \$40/level 3, then you will receive \$10. But, if you were at level 3 or higher when that member came in, you would receive half the membership fee (\$20). You can escalate through the levels listed below using the monies you will be receiving each week to stay ahead of your people as they continue to up-grade as well. Most of the people who respond to your flyers will choose the level 3 entry point because of the free bonus gift detailed on the reverse side. However, the program is designed to allow people to choose their own entry level according to their current budget. Getting started is the most important step for everyone. It does not make a difference how many you get to join. You will receive your commissions each Friday.

How would you like to make even more money? All you have to do is up-grade to a higher level and pay the difference. As people who enrolled through your flyer do this, you also receive half of their up-grade fees. Those amounts are added to your weekly earnings, as long as you have up graded first to stay ahead of them. They are up-grading to stay ahead of their respondents to maximize their additional earnings. so you want to do the same.

Example: Lets say you are at level 3/\$40 and you up-grade to level 4/\$60 by paying the \$20 difference. You now receive half of every new membership from your efforts from \$8 to \$60 and \$60 on those who enroll at a higher level. You will also receive half of all those that up-grade to the \$60 level in the future. When you up-grade to level 8/\$300 you will earn half the membership fees from \$8 to \$300 and \$300 if someone joins above you. It doesn't get any easier than this.

The company will handle the administrative, membership fees, and computer tracking so that every member gets paid each Friday.

This way, you can concentrate on just mailing your Invitation Certificates to as many people as you can. Why? Because the certificates explain the program for you so you don't have to. You can put a lot of effort into it or a little to test it out. Everything will be up to you, as it should be. **THE KEY TO YOUR SUCCESS IS IN YOUR HANDS RIGHT NOW!**

Now you know how anyone with as little as \$8 and a little effort can turn their financial situation around. Because of this, "The \$8 Program" has the highest response rate in the direct mail industry.

Even though level 3 is the most popular initial enrollment, please join at the level you can afford and as you earn, you can up-grade at anytime. Remember, you are in control, as it should be...

Circle the level you wish to join and pay that membership fee below it, plus the one-time \$5 marketing kit postage, handling, and typesetting fee.
